

# Introducing **Out of the Bottle**

It's the **highly entertaining, classy and contagiously fun** tasting challenge you've been waiting for.

## Competitive drink tasting Classy and contagiously fun

We've taken traditional beverage tastings, fermented it into a new form, extracted the snobbishness, brewed it with a whole lot of fun and bottled it up ready for your crew! Forget the drinking games of your youth, this experience has class.

Centered around six blind tasting rounds, each guest will receive a tablet to record their answers to the multiple choice questions about each drink. Earning points, a live leaderboard makes the competition heat up and a sabotage game enables your guests to interrupt other competitors. It's the perfect mix that will get even the most skeptical of your team engaged, laughing and socialising. High energy and hilarious, Out of the Bottle is for the self-confessed tasting snob and the average punter a-like.

Select your style of tasting from: A Game of Wines, Gin-tuition, Whiskey Business and Beer Battle.

## What others are saying

Gin-tuition was engaging, educational and actually reduced the number of sore heads the next day. Combined with the wonderful private room at Baedeker the whole experience was perfect for our team and our guests. Not only would we recommend it, the team are asking when we are going back again for the whiskey version!

**Paul Marshall** / Energy Market Matters, C30

An absolutely extraordinary event - so much going on, lots of opportunity to connect, and ways for everyone to play to their strengths! Thanks for a fabulous experience. I definitely recommend it.
