

Introducing **Out of the Bottle**

It's the **highly entertaining, classy and contagiously fun** tasting challenge you've been waiting for.

Competitive drink tasting Classy and contagiously fun

We've taken traditional beverage tastings, fermented it into a new form, extracted the snobbishness, brewed it with a whole lot of fun and bottled it up ready for your crew! Forget the drinking games of your youth, this experience has class.

Centered around six blind tasting rounds, each guest will receive a tablet to record their answers to the multiple choice questions about each drink. Earning points, a live leaderboard makes the competition heat up and a sabotage game enables your guests to interrupt other competitors. It's the perfect mix that will get even the most skeptical of your team engaged, laughing and socialising. High energy and hilarious, Out of the Bottle is for the self-confessed tasting snob and the average punter a-like.

Select your style of tasting from: A Game of Wines, Gin-tuition, Whiskey Business and Beer Battle.

What others are saying

DoE went above and beyond to make our end of year Christmas Party so amazing. So easy to work with and designed our experiences around budget, preferences and overall theme. Whiskey Business is hilarious! In a turn of events, our team member with the least experience with whiskey took home the win. Cannot recommend DoE enough, will absolutely book again!

Aynsley Johnson / Amergin, Senior Consultant

An absolutely extraordinary event - so much going on, lots of opportunity to connect, and ways for everyone to play to their strengths! Thanks for a fabulous experience. I definitely recommend it.
