When you've planned a killer event but you know there is still something missing, you need an Event Activation. Creating engagement, laughter and energy, these activation are smaller-scale interactive experiences perfect for your gala events, cocktail parties and conferences.

### Overview:

Event Activations bring a variety of moments and 'hubs' to your event to add entertainment and excitement without overtaking the entire function. With a variety of different styles, durations and sizes of moments and hubs, your guests can choose to engage at their own leisure.

You provide the event brief and we offer 10 suitable hub options. You select the ones your team will love. We work with you to create the ideal floor plan. We set up, host the hubs, engage your guests and bring the excitement.

If your event needs more, be sure to add the competition, intrigue and of course, fun of Event Activations.

### Highlights:

- **Accessible:** Designed for people to participate as they want.
- **Unobtrusive:** Won't take over your event.
- **Customisable:** Choose the stations that will work best for your crowd and event.

## Event Activations

### How it works

- Choose your stations
- We arrive, set up the stations and collateral
- Guests participate as they wish throughout your event
- Choose to link it all together with theming or an overall competition

### Perfect for

- Gala dinners, events where you want entertainment that doesn't take over the whole event, a wide audience demographic that needs differing options for involvement.

### Practicals

**Team Size:** Individual or in teams

**Capacity:** 30+

**Duration:** As needed for your event

**Location:** We come to you

**Space:** Open spaces for each hub within event space

**AV:** Projector + screen or TV
